AREMA Annual Conference Student Showcase
2019 Guidelines

The AREMA Annual Conference Student Showcase provides an opportunity for students as individuals or groups to display and share research, projects, student chapter activities, hobbies, etc. on a topic related to the railroad industry. This is open to, but not limited to, the following:

- Undergraduate or graduate research projects
- Independent research on a topic of interest
- Internship experiences
- Student Chapter displays of activities, site visits, and other events
- Outreach projects to K-12
- Class projects
- Model railroads

These displays are intended to provide participants with the ability to connect with other students and professionals while engaging in discussions about what is being showcased.

Participants
Participants are limited to collegiate students as individuals or groups. Only one entry is required per group.

Criteria
While this is not a competition, participants are asked to abide by the following constraints:
- Entries must be submitted by the deadline to participate.
- Each participant will be assigned a specific area which will include a single table and single electrical outlet. Displays should not exceed this area.
- Someone must be present to represent each display at all times during the Student Showcase on Sunday afternoon.
- It is the responsibility of the participants to bring all material required for their display.
- Displays must be setup no later than 15 minutes prior to the event start time and remain on display until the end of the event.

Entries
All participants are welcome. Due to space constraints in the student activities room, the maximum number of participants will be determined one month prior to conference. Final participation will be determined on a first-come first-serve basis for sign-ups.

Entries must be submitted by September 6, 2019. Entries, including the attached form, should be submitted via links in the Student Activities email after registering for the Annual Conference.

Notification of participation in the showcase will be sent shortly after deadline.

Any questions regarding the competition should be submitted to the Student Chapter Coordinator at scc@arema.org.
